

Introduction to IV Therapy

December 2022

Introduction to IV Therapy: This 16-hour course will introduce the student to Intravenous therapy, related anatomy and physiology, aseptic technique, equipment, venipuncture, calculations for IV infusions, safe administration of IV solutions, monitoring of IV infusions, and discontinuation of IV therapy. Actual implementation of these skills is dependent on the individual's scope of practice. For more information about the Introduction to IV Therapy Course, visit our website: <https://www.northfieldhospital.org/emergency-medical-education-specialty-courses>

Course Dates:

Monday, December 5th, 2022, 6:00PM-10:00PM
Wednesday, December 7th, 2022, 6:00PM-10:00PM
Monday, December 12th, 2022, 6:00PM-10:00PM
Wednesday, December 14th, 2022, 6:00PM-10:00PM

Attendance at all classes is required, 1 or more absences will likely result in course failure.
